The company may charge the following fees:

5.1 Inactivity Fee

After one (1) month of non-use of the Client's trading account ("Inactivity Period"), and for every successive Inactivity Period, an inactivity fee will be deducted from the Client's trading account. The inactivity fees are as follows:

For the first 11 months of Inactivity Period, the Client will be charged monthly:

USD Account: \$20, EUR Account: €20, GBP Account: £20, CHF Account: CHF20

In the 12th month of inactivity, the fee will be:

USD Account: \$100, EUR Account: €100, GBP Account: £100, CHF Account: CHF100

After the 12th month, the cycle repeats, with a \$20 (or equivalent subject to Client's relevant currency-based account) charge for the next 11 months of inactivity, followed by the \$100 (or equivalent subject to Client's relevant currency-based account) charge in the 12th month of inactivity. This pattern continues each year as long as the account remains inactive.

The inactivity fee should be taken from Client's that do not have any open positions and who didn't trade for 1 month (from the time the last position was closed). The fee will be discontinued the moment the account is no longer deemed inactive, following new trade order for example. The deductions will be executed until the account balance is zero. There will be no charge if the free balance is zero. Accounts with a zero free balance may also be closed.

5.2 Administration / Maintenance Fee

After 12 consecutive months of non-use of the Client's trading account ("Annual Inactivity Period"), an administration fee will be deducted from the available balance of the Client's trading account.

This is to offset the cost incurred in making the service available, even though it may not be used.

This fee is outlined below and is subject to Client's relevant currency-based account: USD Account: \$100, EUR Account: €100, GBP Account: £100, CHF Account: CHF100

As soon as the account is identified as Dormant, the Company has the right to notify the Client that the account will be deleted and the funds will be returned back to the origin bank account. In such event the Client has five (5) business days to contact the Company and request non-deletion of the account. If request for non-deletion is submitted the Client shall be required to submit updated verification documents for KYC and due diligence purposes within a time frame specified by the Company, in order to maintain the account active.

6. Company's fees

6.1 The Company is entitled to receive fees from the Customer for the Investment Services provided as described in this Agreement as well as compensation for any expenses that might incur for the obligations that the Company will undertake during the provision and execution of the said Investment Services. The Company reserves the right to modify, from time to time, the size, the

amounts and the percentage rates of the fees and the Customer shall be informed of such changes, through the Company's Website, hence the Customer shall regularly monitor News and Announcements that the Company might issue/publish.

6.2 The Customer warrants, represents and undertakes that it is solely responsible for recording, paying and accounting to any relevant governmental, taxation or other authority for any tax, stamp duty, expenses or other levy that may be payable on any amounts paid to the Customer. Notwithstanding the foregoing, and without derogating from the Customer's sole and entire responsibility to perform tax payments, stamp expenses or pay other levy, the Customer shall pay the Company, immediately when so requested by the latter, and the Company is entitled to debit the Account with any value added tax or any other tax, contribution, levy, stamp duty, expense or charge which may be payable as a result of any Transaction or any act or action of the Company under this Agreement (except for taxes payable by the Company in relation to the Company's income or profits).

6.3 The Company shall have a lien on all the amounts which are deposited in the Accounts and on statements of Financial Instruments of the Customer, to the extent that there are remaining amounts due by the Customer to the Company. Before the exercise of the said right, which does not require the Customer's consent, the Company shall give the Customer notice stating its intention to exercise the lien, as well as the deadline upon the expiry of which the Company shall exercise the said right.

6.4 In case the Customer fails to pay any amount by the date on which the said amount is payable, the Company shall be entitled to debit the account/s of the Customer with the said amount and/or liquidate in the name of the Customer any of the Customer's Financial Instruments in view of covering the aforementioned amount.

6.5 By accepting this Agreement, the Customer has read and understood and accepted the information stated in this Agreement and/or found on the Website, in which all related commission, costs and financing fees are explained. The Company reserves the right to amend at its discretion all such commission, costs and financing fees. All information relating to the aforementioned amendments will be available on the main website which the Customer must review during the period the Customer is dealing with the Company and especially before placing any orders with the Company. The Customer is deemed to have seen, reviewed and considered the Company's commission, costs and financing fees and any changes that the company may make thereto from time to time.

6.6 The Customer acknowledges and agrees that upon each Rollover, the Company will add or subtract the interest adjustments applicable to the relevant assets, including a spread. Similarly, all Share CFD Transactions will be subject to a daily credit or debit (depending on the position held by the Customer – Long\Short), calculated on the basis of the relevant InterBank interest rate of the currency in which the underlying share is traded and including a mark-up spread.

6.7 The Company may vary such interest rates calculation without notice when changes are to the Customer's advantage, or the grounds for changes are due to external circumstances beyond the

Company's control. Such circumstances are: (i) Changes in the monetary or credit policies domestic or abroad that affect the general interest level in a way that is of importance to the Company; (ii) Other changes in the general interest level, including in the money and bond markets; (iii) Changes in the relationship with the Company's counterparties (i.e. liquidity providers), which affect the Company's cost structures.

6.8 The Customer acknowledges and agrees that regarding the Swap fees: Swap costs or revenues are not applied to positions closed on the same day. Swap rates apply to positions that are still open at the end of the day. A 3-day swap is applied to positions that are not yet closed on Thursdays (equivalent to the value of the weekend) because the Forex market is valued at +2 days. On other days this practice is 1 day.

6.9 For currency conversions processed in the Customer's trading account, the Company will charge a Currency Conversion Fee for all trades on instruments denominated in a currency different to the currency of the Customer's trading account. The Currency Conversion Fee will be equal to 1.2% of the trade's realized profit and loss and will be reflected in the trading account after closing the position. The Customer authorizes the Company to subtract the Currency Conversion Fee from his/her Trading Account.

Example:

Client's trading account is denominated in EUR, EUR/USD rate is 1.11919 and NETFLIX price is 400\$. The Client opens a sell position of 1000 USD NETFLIX (0.01 lot) and makes a profit of \$20 (€17.87). In this example, the Company shall charge a daily Overnight Funding Fee (Swap), for holding the position open after a certain time, and a Currency Conversion Fee. The daily Overnight Funding Fee (Swap) will be -\$1.67 (-€1.49) i.e. 10 contract x Price of \$400 x daily Overnight Funding percentage of -0.04166%. The Currency Conversion Fee will be 1.2% of the client position's net profit i.e. (\$20 - \$1.67) * 1.2% = -\$0.22 (-€0.19) Overall Net profit = \$(20-1.89) = \$18.11 (€16.18)

Schedule A – INVESTING IN SECURITIES

This Schedule A sets out the specific terms that will apply to you when you invest in Securities on our Trading Platform. The terms in this Schedule A apply to you in addition to our Terms and Conditions, which apply to all our services and not just securities trading. Capitalised words in this Schedule A will have the same meaning which are given to those word in the Definitions – Interpretations section in our Terms and Conditions. If a term of this Schedule A conflicts with or differs from a term in our Terms and Conditions, this Schedule A will apply.

1. Our securities trading service

1.1 You can buy and sell shares and stocks on the Trading Platform, as well as other securities that we may offer from time to time.

1.2. This Schedule only applies to buy transactions made without leverage. Therefore, our security trading services are differentiated depending on type of position you enter into, which country you reside in, and the market where the security is traded.

1.3 Securities such as shares are held in custody. Please see paragraph 9 – "Custody" below for more information.

1.4 We may be required to give your details (including your email address) and details of your shareholding to the company registrars. By trading securities on the Platform, you consent to us providing your identifying information to any requesting service provider of the company.

2. Limitations to our securities trading service

2.1 We may provide factual market information and information in relation to any securities at your request. However, we are not obliged to disclose such information to you and, if we do supply this information, it does not constitute investment advice.

2.2 We will not be liable to you for any act or omission of any such third-party including but not limited to information provided by such third-party, except where we have acted negligently, fraudulently or in wilful default in relation to the appointment of the third-party.

2.3 The Trading Platform is not an exchange or a market. This means that you can enter into trades and investments with us on the Trading Platform, and not with third parties. Therefore, you can buy a security on the Trading Platform and sell that security on the Trading Platform.

2.4. We have the option to transfer your shares from/to another broker, provided that we are eligible to do so. However, it's important to be aware that there are associated fees with the transfer process. You can find more information about these fees under the clause 11 of this Schedule.

2.5 We do not permit "US persons" (as defined by the Internal Revenue Service "IRS") to invest in securities on our Trading Platform. If we allow you to trade in securities and then identify you as a US person, we may close any open positions you may hold and then block or close your FXORO account. We may also be required to deduct US withholding tax on income and gross proceeds from your investments in listed US securities on the Platform.

2.6 If you are not a US person, we will ask you to sign a W-8BEN form before we accept an order from you to invest in shares which are listed in the US. If you have not previously provided us with a valid W8BEN, and you already hold US shares, we will ask you to complete a W-8BEN. If you do not return the signed and completed W-8BEN form before the date we specify, we reserve the right to sell your US shares. You have an ongoing obligation to inform us if you are no longer eligible for W-8BEN status.

2.6 We will apply the default rate of taxes applied by the relevant tax authorities.

3. The key risks of securities trading

3.1 All financial products carry risk, and even trading non-complex products, such as securities, will have a degree of uncertainty. The securities markets can be volatile, which means the prices of the securities can change rapidly, and therefore are unpredictable, which means that securities dealing is not suitable for everyone.

3.2 You should ensure you fully understand the risks involved before using our Services and if required take appropriate investment, financial, legal, tax and other necessary professional, independent advice. More information on the risks associated with trading CFDs is set out in our Risk Warning Notice. You should read this document and fully understand the risks before entering into this Agreement.

4. Conflicts of interest

Please refer to our Conflict-of-Interest Policy for information on how we manage conflicts of interest that may apply to our services.

6. Placing an order

6.1 Please refer to our Order Execution Policy for information on how you may place an order and provide trading instructions on the Trading Platform.

6.2 We execute your orders as soon as reasonably practicable, but sometimes there will be a delay between when we receive your order and when we are able to execute it. Where a delay occurs, there may be a difference between the market price of the securities that you were quoted and the market price on the exchange, which may or may not be to your benefit. The exchange is not required to accept your order and is not required to execute your order at the price that you were quoted.

6.3 Each order that you make is binding on you even where you have exceeded any limit on the Platform, and you must pay any sums due on any transaction immediately once the transaction has been entered into.

6.4 You are responsible for monitoring your orders until they are confirmed or cancelled, as we may not provide you with explicit written notification. You should contact us immediately if you are unsure about the status of an order.

8. Settlement

8.1 Your security investments will settle in accordance with local markets. A settlement marks the official transfer of Transferable Securities to your Trading Account and the receipt of purchase price by the settler. Usually this occurs two (2) business days after the day the Order executes, however this may vary depending on the Transferable Security.

8.2 If you invest in a security, the consideration for the transaction and all applicable fees, charges and taxes for that transaction will be deducted from your account at the time of execution of the transaction. The security will be available for sale on your account prior to settlement of the transaction and your account will reflect this.

8.3 In the event of our insolvency, you may not have title to the securities that you have bought on the Trading Platform, where settlement has not yet occurred. This is the case even if the securities which you have bought are shown as available in your FXORO account. In these circumstances, you will be entitled to the amount that you paid for the securities, which will form part of your client money.

8.4 We are not liable for any losses, costs or expenses that you suffer as a result of any delay or change in market conditions either before we execute an order or before a transaction settles.

9. Custody

9.1 You instruct us to arrange for any securities which you have bought on the platform to be held on your behalf until we receive further instruction from you to sell that security. This is called "custody" and means that we will be your "custodian".

9.2 We will hold the securities on your behalf in accordance with the Applicable Law or may arrange for the custody services to be provided by another company (this is called a "sub-custodian"). We are not liable for any acts, omissions, insolvency or dissolution of the sub-custodian, unless any losses which you incur have been caused by our fraud, wilful default or gross negligence.

9.3 When holding such securities on your behalf, we take measures to ensure their protection and for safeguarding your ownership rights, including:

- (a) keeping records and accounts enabling us at any time and without delay to distinguish assets held for you from assets held for any other client and from our own assets;
- (b) maintaining our records and accounts in a way that ensures their accuracy and, in particular their correspondence to the securities held for you;
- (c) conducting, on a regular basis, reconciliations between our internal accounts and records and those of sub-custodians; and
- (d) taking steps to ensure that any securities deposited with a sub-custodian are identifiable separately from any of our assets or any of the sub-custodian's assets.

9.4 Detailed records of all your securities held by the custodian or sub-custodian will be kept by us at all times to show that your securities are held on your behalf, for your benefit and do not belong to the custodian or any sub-custodian.

9.5 We exercise all due skill, care and diligence during the selection, appointment and periodic monitoring of the sub-custodian and over the arrangements for the holding and safeguarding of the securities.

9.6 Where your securities are deposited for safekeeping with a sub-custodian, there may be instances, if this is required by the law of the country where the securities are held, that the sub-custodian may have a security interest, lien or right of set-off over your securities enabling such sub-custodian to dispose of your securities, in order to recover debts that do not relate to you or the provision of services to you.

9.7 Your securities will be pooled together with our other clients' securities (we call this an "Omnibus Account") with a third-party depository in the name of FXORO on behalf of our clients. In such case, it may not be possible to separate your securities from those of other clients.

9.8 In the event of the insolvency or any other analogous proceedings in relation to that third party, we may only have an unsecured claim against the third party on behalf of the client, and the client will be exposed to the risk that the money received by us from the third party is insufficient to satisfy the claims of the client with claims in respect of the relevant account. We do not accept any liability or responsibility for any resulting losses.

9.9 This also means that if we or our third-party nominee becomes insolvent, your securities may not be immediately identifiable by separate certificates, physical documents, or equivalent electronic entries on the register. Instead, any claim will be against the Omnibus Account, and therefore more time might be needed for us to identify which securities are yours, and which belong to a different client. As additional time might be needed, this might increase your risk of losing money. In addition,

if there is an unreconciled shortfall caused by the default of a custodian, you may share proportionately in that shortfall.

9.10 You agree that because of the nature of Applicable Laws or market practices in overseas jurisdictions, it may be in your best interest for your securities to be registered or recorded in our name or in the name of the sub-custodian, the nominee or any applicable delegate. If it is not possible for us to do this, then:

(a) your securities may be registered or recorded in the name of the company/issuer, subcustodian, the nominee or any applicable delegate as the case may be;

(b) your securities may not be segregated and separately identifiable from the securities of the company/issuer, sub-custodian, the nominee or any applicable delegate; and

(c) as a consequence, in the event of a failure, your securities may not be as well protected from claims made on behalf of our general creditors. You should note that when we arrange for a third-party to hold your securities overseas there may be different legal and regulatory requirements than those applied in the Republic of Cyprus.

9.11 You agree that you will not try to sell, mortgage or otherwise deal in or part with the securities which we hold for you.

9.12 If you have not instructed us about the securities in your FXORO account (e.g., to sell the securities) and we are unable to trace you despite having taken reasonable steps to do so we will stop treating your securities as client assets after a prescribed period of time, in accordance with Applicable Law. We will try to contact you before we do this.

10. Corporate Events

10.1 A "Corporate Event" is something which will result in a change to one or more financial instruments. Examples of Corporate Events include, but are not limited to, share consolidations, share splits, reorganisations, mergers, take-over offers (and similar), name changes and rebranding, dividend distributions, insolvency, delistings and changes to Applicable Law or regulation.

10.2 If a Corporate Event impacts a security in your FXORO account, we will use reasonable endeavours to adjust the securities in your account in a way that is fair and which aligns with market practice, depending on the circumstances of each event and according to our sole discretion, although we are not obliged to do this. Adjustments may include changing the price or quantity of securities in your account, to reflect the economic equivalent of such rights.

10.3 Notwithstanding paragraph 10.2, we reserve the right to close out any open positions impacted by a Corporate Event (including delistings and insolvency) in a fair way and taking into account the treatment we may receive from our counterparty and/or any relevant third party. In this respect we may make any required adjustment (price, quantity or any other adjustment) resulting from the

Corporate Event as may be applicable. We may close out open positions prior to or following such Corporate Events, at our sole discretion.

10.4 Actions taken by us to adjust the securities in your account after a Corporate Event may create tax liabilities for you. We may deduct tax when making adjustments, however it will be your responsibility to satisfy these liabilities if we did not make such deduction. We may claim or reclaim tax credits on dividends or other income on securities.

10.5 If you are holding securities, such as shares, which grant you the right to receive a dividend or interest payment from a company, provided that you have held such shares prior to and on the relevant ex-dividend date, we will pay this money into your FXORO account on receipt by us. We may deduct from this payment any applicable tax however it will be your responsibility to satisfy these liabilities if we did not make such deduction.

10.6 If the underlying market on which your security is traded is suspended, you will not be able to place any sell orders on those securities, and we will not be able to execute any sell orders which you have already placed on those securities until the market recommences trading. We cannot guarantee that your order will be executed immediately when the market recommences trading, and we may be required to wait until there is enough demand to buy your security.

10.7 Where a Corporate Event results in a fractional entitlement to part of a security, we will use reasonable endeavours to aggregate those fractional entitlements and sell those fractional securities and credit your account with a cash value which may be subject to certain fees and charges. However, we are not obliged to do this.

10.8 Where a Corporate Event, such as partial redemptions, affect some but not all products held in an Omnibus Account, we will use reasonable endeavours to allocate the products which are affected to relevant clients in a fair way and in accordance with market practice. However, we are not obliged to do this.

10.9 For certain securities we will, through a third-party service provider, support the exercise of the right to participate in general meetings and vote, including by proxy. For other securities, currently, we will not notify you of or arrange attendance at any annual general meetings or extraordinary general meetings applicable to your securities, and/or arrange the exercise of any voting rights attaching to securities we hold on your behalf, whether exercisable at an annual general meeting or otherwise. We are also not obliged to inform you of any class action or group litigation that is being proposed or taken concerning securities that we are holding on your behalf. We will never take discretionary action to vote securities which we hold on your behalf irrespective as to whether we are able to facilitate your voting of such securities.

10.10 Where Corporate Events affect some but not all securities held in a pooled account, we shall allocate the securities which are affected to relevant clients in a fair and equitable manner as we reasonably consider is appropriate.

10.11 As we will hold your securities in one or more pooled accounts, you may receive dividends or distributions net of applicable taxes which has been paid or withheld at rates that are less beneficial than those that might apply if the securities were held in your own name or not pooled.

10.12 Subject to Applicable Law, upon the occurrence of certain Corporate Events, there is the possibility that your securities or related products (for example, depositary receipts) may be subject to forced conversion into an alternative financial product. FXORO is not obliged to facilitate such conversions, but will act reasonably and will take into account the treatment we receive from our relevant counterparties such as sub-custodians, regulatory constraints, and relevant risks and costs while seeking to achieve your fair treatment.

11. Transfers from/to other brokers

11.1 Clients have the option to transfer shares from/to another eligible broker.

11.2 The Company will charge a fee to clients who wish to transfer their shares to another broker. The fee for each security transfer will be \$4 (Four USD). This fee is intended to cover the administrative and logistical expenses associated with the transfer process.

11.3 Example 1: Transferring 200 Apple shares - If a client decides to transfer 200 Apple shares to another broker, the charge will be \$4 (Four USD).

11.4 Example 2: Transferring 200 Apple shares and 100 Microsoft shares - In the case of transferring two securities, specifically 200 Apple shares and 100 Microsoft shares, the total charge will be \$8 (Four USD per security transfer).

12. Effect of termination

12.1 Where you terminate your relationship with us and provide us with instructions for closing your account or to move your securities to another broker, we will arrange for your securities to be sold or transferred as soon as reasonably possible in accordance with this Schedule A and the Terms and Conditions of your account and registration with us. We will hold the proceeds of the sale as client money an account in your name.

12.2 We may charge fees and any other applicable charges and taxes on the sale or transfer of your securities.

12.3 Where securities are sold, you may suffer a shortfall between the amount you invested and the amount you get back after sale. We are not responsible for any shortfall that arises. Any shortfall will be borne by you.
